

Michigan Department of Natural Resources and Environment
Environmental Resource Management Division

SOLID WASTE DISPOSAL AREA OPERATING LICENSE

This license is issued under the provisions of Part 115, Solid Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, MCL 324.11501 et seq., and authorizes the operation of this solid waste disposal area (Facility) in the state of Michigan. This license does not obviate the need to obtain other authorizations as may be required by state law.

FACILITY NAME: Forest Lawn Landfill

LICENSEE/OPERATOR: F.L.L., Inc.

FACILITY OWNER: F.L.L., Inc.

PROPERTY OWNER: F.L.L., Inc.

FACILITY TYPE(S): Municipal Solid Waste Landfill

FACILITY ID NUMBER: 399441

COUNTY: Berrien

LICENSE NUMBER: 9281

ISSUE DATE: September 10, 2010

EXPIRATION DATE: September 10, 2015

FACILITY DESCRIPTION: The Forest Lawn Landfill, a municipal solid waste landfill, consists of 261.3 acres located in the S 1/2 of Section 17, and the N 1/2 of Section 20, Three Oaks Township, Berrien County, Michigan, as identified in Attachment A and fully described in this license.

AREA AUTHORIZED FOR DISPOSAL OF SOLID WASTE: Identified in Item 2 of this license.

RESPONSIBLE PARTY: Mr. Bruce Wilson
F.L.L., Inc.
8230 Forest Lawn Road
Three Oaks, Michigan 49128
269-756-9252

RENEWAL OPERATING LICENSE: This License Number 9281 supersedes and replaces Solid Waste Disposal Area Operating License Number 9090 issued to F.L.L., Inc. on May 9, 2005.

This license is subject to revocation by the Director of the Michigan Department of Natural Resources and Environment, if the Director finds that this Facility is not being constructed or operated in accordance with the approved plans, the conditions of a permit or license, Part 115, or the rules promulgated under Part 115. Failure to comply with the terms and provisions of this license may result in legal action leading to civil and/or criminal penalties pursuant to Part 115. This license shall be available through the licensee during its term and remains the property of the Director.

THIS LICENSE IS NOT TRANSFERABLE.

Steven R. Sliver, Chief, Solid Waste and Land Application Section
Environmental Resource Management Division

Licensee: F.L.L., Inc.
Facility Name: Forest Lawn Landfill
Operating License Number: 9281
Issue Date: August 30, 2010

The licensee shall comply with all terms of this license and the provisions of Part 115 and the administrative rules implementing Part 115 (Part 115 Rules). This license includes the license application and any attachments to this license.

1. The licensee shall operate the Facility in a manner that will prevent violations of any state or federal law.
2. The following portions of the Facility are authorized to receive solid waste by this license:

ACTIVE PORTIONS NOT AT FINAL GRADE: The area(s) identified as Remaining portions of Phase VII and VIII were authorized to receive waste by the previous license. This area's total acreage is 63.5 acres.

3. The following portions of the Facility **WILL BE** authorized to receive solid waste by this license following approval by the Michigan Department of Natural Resources and Environment (DNRE) of construction certification: None.
4. The following portions of the Facility are **NOT** authorized to receive solid waste by this license:

CLOSED UNIT(S) OR A PORTION OF A UNIT WHERE THE FINAL COVER HAS BEEN CERTIFIED CLOSED AND ACCEPTED BY THE DNRE: The following unit(s) and/or portion(s) are closed:

- i. **EXISTING UNIT(S):** The unit(s) identified as Portions of III-A, III-C, and IV-B (north slope 9.8 acres), Portions of IV-B, V-A, and V-B (NE Corner 9.8 acres), west slope of I, II, and III-A (8.6 acres), southwest slope of I, VII-A.1 and VII-A.2 (9.3 acres), west and north slopes and northwest corner (15.8 acres), east slope Phase VII and northeast corner (18.3 acres), west slope of Phases I, VII and VIII -A (13.25 acres), west slope of Phase VIII-B-D (8.49 acres) had final closure certified on April 21, 1999, December 20, 1996, January 16, 2001, June 3, 2004, December 18, 2005, December 26, 2007, October 31, 2008, and September 28, 2009. This certification was reviewed and approved by the Department of Environmental Quality (DEQ), on May 13, 1999, through the entry of a consent order on August 19, 1999, on March 9, 2001, on July 28, 2004, February 15, 2006, January 23, 2008, December 23, 2008, and November 17, 2009. This area's total acreage is 93.34 acres.
 - ii. **OTHER DISPOSAL AREAS:** The area west of Phase I, II, III-A, and III-C consisting of approximately 28.0 acres was certified closed pursuant to a consent order on February 8, 2002. The certification was reviewed and approved by the the DEQ on April 12, 2002.
5. The attached map (Attachment A) shows the Facility, the area permitted for construction, monitoring points, leachate storage units, site roads, other disposal areas, and related appurtenances.
 6. Issuance of this license is conditioned on the accuracy of the information submitted by the Applicant in the Application for License to Operate a Solid Waste Disposal Area (Application) received by the DNRE on May 6, 2010, and any subsequent amendments. Any material or intentional inaccuracies found in that information is grounds for the revocation or modification of this license and may be grounds for enforcement action. The licensee shall inform the DNRE's Environmental Resource Management Division (ERMD), Kalamazoo District Supervisor, of any inaccuracies in the information in the Application upon discovery.
 7. This license is issued based on the DNRE's review of the Application, submitted by F.L.L., Inc., for the Forest Lawn Landfill, dated May 5, 2010, and revised August 25, 2010. The Application consists of the following:
 - a. Application Form EQP 5507.
 - b. Application fee in the amount of \$10,000.00.
 - c. Certification of construction by N/A.
 - d. Waste Characterization: N/A.

Licensee: F.L.L., Inc.
Facility Name: Forest Lawn Landfill
Operating License Number: 9281
Issue Date: August 30, 2010

e. Restrictive Covenant:

- i. The January 28, 2005, restrictive covenant on 186.48 acres is on file at the Berrien County Register of Deeds recorded on May 13, 2005, as Liber 2612 pages 208-211. A copy is on file with the DNRE.

- f. Perpetual Care Fund Agreement, established as an escrow account, signed by Mr. Bill Meyer, Area President, F.L.L., Inc., on March 24, 2005, was executed by the DEQ on May 9, 2005.

g. Financial Assurance.

i. Financial Assurance Required:

The amount of financial assurance required for this Facility was calculated based on the calculation worksheet form EQP 5507A entitled, "Form A, Financial Assurance Required," and is \$19,575,205.00.

The Facility has provided financial assurance totaling \$19,595,733.79, based on the requirements of Section 11523 of Part 115, consisting of a combination of the Perpetual Care Fund established under Section 11525 of Part 115, bonds, and the financial capability of the Applicant as evidenced by a financial test. The financial assurance mechanisms used by the Facility are summarized below in Items ii, iii, and iv, respectively.

ii. Financial Assurance Provided Via a Perpetual Care Fund:

- (1) The amount of the required financial assurance can be reduced pursuant to Section 11524 of Part 115, if the amount of money in the Perpetual Care Fund plus the amount of the reduced financial assurance equals the amount of financial assurance required in Section 11523 of Part 115 and is approved by the DNRE.
- (2) The Perpetual Care Fund Agreement statement showed a balance of \$1,879,528.79 in the Facility's Perpetual Care Fund as of July 2, 2010. Of this amount, the DNRE has granted the request to use \$1,879,528.79 toward the total amount of financial assurance required.

iii. Financial Assurance Provided Via Bond:

The following financial assurance has been received from the Applicant to meet the amount of financial assurance required:

Surety Bond	\$17,716,205.00
Total Amount Received:	\$17,716,205.00

iv. Financial Assurance Updates Required:

For Type II landfills, the financial assurance cost estimates of closure and postclosure activities must be updated annually and the corresponding requisite amount of financial assurance must be adjusted annually for the costs of inflation. The corresponding financial assurance, as adjusted for inflation and other factors, is due on September 10, 2011, and each year thereafter.

8. The following documents approved with Construction Permit Number(s) 4062 issued to Forest Lawn Landfill on April 16, 2004, are incorporated in this license by reference:

- a. Phase VIII Redesign/Expansion, Forest Lawn Landfill Volumes 1-2.
- b. Engineering Plan Sheet 1-25 titled "Phase VIII Redesign/Expansion" dated December 2003 and revised March 2004.

Licensee: F.L.L., Inc.
Facility Name: Forest Lawn Landfill
Operating License Number: 9281
Issue Date: August 30, 2010

9. The following additional documents, approved since the issuance of the construction permit(s) referenced in Item 8, are incorporated in this license by reference:
 - a. Engineering Plan Sheets 1-25 East Slope Correction dated July 2004.
 - b. Construction Quality Assurance Plan Revisions dated July 2004.
 - c. Alternate Daily Cover Request received January 25, 2005, and revised February 7, 2005.
 - d. Corrected final cover and top of waste grade Drawings date July 17, 2007
10. Consent Order/Judgment Number: N/A.
11. The licensee shall repair any portion of the certified liner or leachate collection system that is found to be deficient or damaged during the term of this license unless determined otherwise by the DNRE.
12. The licensee shall have repairs to any portion of the certified liner or leachate collection system recertified by a registered professional engineer in accordance with R 299.4921 of the Part 115 Rules and approved by the DNRE before receiving waste in that portion of the certified liner or leachate collection system. The licensee shall submit the recertification to the DNRE's ERMD, Kalamazoo District Supervisor, for review and approval.
13. The licensee shall conduct hydrogeological monitoring in accordance with the approved hydrogeological monitoring plan, dated December 2003, and revision dated March 2004. The sampling analytical results shall be submitted to the DNRE's ERMD, Kalamazoo District Office.
14. Modifications to the approved hydrogeological monitoring plan referenced in Item 13 may be approved, in writing, by the ERMD, Kalamazoo District Supervisor. Proposed revisions must be submitted in a format specified by the DNRE.
15. Leachate may be recirculated if a leachate recirculation plan has been approved, in writing, by the ERMD, Kalamazoo District Supervisor.
16. Modifications to approved engineering plans that constitute an upgrading, as defined in R 299.4106a(l) of the Part 115 Rules, may be approved, in writing, by the ERMD, Kalamazoo District Supervisor.
17. Requests for alternate daily cover may be approved, in writing, by the ERMD, Kalamazoo District Supervisor.
18. Leakage Control Criteria:

The active portions of the unit(s) authorized to receive waste by this license is an unmonitorable unit(s) designed with a double-liner systems that is in compliance with the provisions of R 299.4422(3) of the Part 115 Rules and that is capable of detecting and collecting leakage through the primary composite liner.

Phase III A and B and the Phase III C area were previously authorized to accept waste but are no longer authorized to receive waste. These phases include a secondary collection system. The action flow rate for Phase III A and B and Phase III C is 50 gallons/acre/day. The response flow rate for Phase III A and B and Phase III C is 200 gallons/acre/day.

The action flow rate for the Phase VII A-D area is 38.6 gallons/acre/day and the response flow rate is 155.5 gallons/acre/day. The action flow rate for the Phase VIII A - G area is 5 gallons/acre/day. The response flow rate for the Phase VIII A - G area is 25 gallons/acre/day.

19. **VARIANCES:** None.

20. **SPECIAL CONDITIONS:**

- a. The licensee shall place a compacted layer of not less than six inches of earthen material, unless an exemption is granted, of suitable cover material on all exposed solid waste by the end of each working day, as required by

Licensee: F.L.L., Inc.
Facility Name: Forest Lawn Landfill
Operating License Number: 9281
Issue Date: August 30, 2010

R 299.4429(1) of the Part 115 Rules. Suitable cover shall be either uncontaminated soil or an alternate cover approved by the ERMD, listed in Item i, below. Alternate cover shall be restricted as indicated in Item ii and applied as per the approved operational plan submitted by the licensee.

- i. Approved alternate cover shall be any of the following:

<u>Product/Waste Material</u>	<u>Source</u>	<u>Monthly Volume</u>
1. Tytar or equivalent cover sheets	NA	Varies
2. Autofluff	Omni Source	7,500 cubic yards
3. Shredded railroad ties	Scott Tie Company	2,100 cubic yards

- ii. The above materials are approved for daily cover when used in the following manner:

- (1) The licensee shall use the material as daily cover only. The material cannot be used for road building or fill in other areas of the Facility's operation.
- (2) The licensee shall maintain copies of the testing performed on Class B and Class C materials in the facility operating record.
- (3) The licensee shall only stockpile material in a secure manner within the active cell.
- (4) This approval does not preclude the licensee from disposing of the material as waste in the active fill area instead of using the material as daily cover.
- (5) This approval shall immediately become void upon documentation by the DNRE that the alternative cover is not being used in accordance with listed conditions, that the alternative cover is not providing the necessary protection, that the material no longer meets the alternative daily cover guidelines, or that the process producing the waste material has changed.
- (6) If the material does not meet the guidelines from Attachment 2 of Operational Memo 115-10, Revision 2, for nonvolatiles, the licensee shall ensure that fugitive dust emissions from this material do not occur. Acceptable methods to ensure fugitive emissions do not occur are:
 - (a) Implement a schedule to wet down material; or
 - (b) Cover the material with a tarp; or
 - (c) Apply an approved foam or other appropriate commercial dust control product.
- (7) This approval to use alternative cover shall expire on the license expiration date.

21. **TERM:** This license shall remain in effect until its expiration date, unless revoked or continued in effect, as provided by, the Administrative Procedures Act, 1969 PA 306, as amended, or unless superseded by the issuance of a subsequent license.

END OF LICENSE
